

Majd's Underwater Adventure

Majd swam down, down, down. The water
sparkled like diamonds. Fish swirled around,
dancing in the sea.

Suddenly, Majd saw a big, friendly turtle. 'Hello!'
said the turtle. 'Come to the sea kingdom!'

 Majd followed the turtle. They swam to a kingdom made of coral. It was colorful and bright!

In the kingdom, fish played and danced. They
invited Majd to join their fun! Everyone smiled.

But wait! The reef was messy. Plastic and trash floated around. Majd felt sad. 'We must help!'

Majd gathered friends. Together, they picked up
trash. They worked as a team. Working together
is fun!

With the reef clean, the colors shone brighter.
The turtle said, 'Thank you, Majd! You are a hero!'

Majd waved goodbye to new friends. 'I'll come back!' The sea kingdom was now beautiful and bright.

Back on the shore, Majd smiled. Helping friends
is wonderful. Adventure awaits under the sea!
