

Majdi's Underwater Adventure

Majdi takes a big breath and jumps in! He swims
down, down, down. Fish in every color swim
around him. Majdi giggles as a friendly
clownfish tickles his nose. In the ocean,...

Majdi finds a hidden sea kingdom! There are mermaids and dolphins. They wave hello with big smiles. Majdi shares his snacks with them. Sharing makes everyone happy!

But oh no! The coral reef is messy! Majdi and his new friends gather plastic and trash. Working together makes a big difference. They clean the reef, and colors shine bright again!

With the reef clean, Majdi waves goodbye. The
sea kingdom shines! He swims back to shore,
feeling proud. Kindness makes the world better,
even underwater!
