

Majd's Prehistoric Adventure

Majd steps into a magical time portal. Suddenly,
he finds himself in a sunny land full of tall
trees! Everything is green and bright.

Majd sees a friendly Brachiosaurus munching on leaves. 'Hello!' he waves. The dinosaur smiles and shares a big, leafy branch with him.

Majd shares his snack, too! They sit together under the tree. Sharing makes both of them feel happy and warm inside.

Next, Majd sees a gentle Triceratops. It has three big horns and a friendly face. Majd giggles and runs to say hi!

The Triceratops loves to play! They roll on the
grass and chase butterflies, laughing together.

Fun is even better with friends!

Majd hears a splash! A big, friendly Apatosaurus is drinking water by a sparkling river. Majd waves and shouts, 'Hello, big friend!'

The Apatosaurus shares its cool water. Majd
takes a sip and grins. 'Thank you!' he says.
Kindness is always a great idea!

As the sun sets, Majd meets a group of playful baby dinosaurs. They roll and tumble, making everyone laugh. What a fun sight!

Majd joins their games. They share giggles and fun, learning that laughter brings everyone closer together. Friendship is wonderful!

As night falls, Majd waves goodbye to his new friends. 'Thank you for today!' he smiles. Memories are treasures to keep.

Majd steps back through the portal, heart full of joy. He knows he can always return to his friends in the prehistoric land.
